This amendment will address four projects in the FY2026-2029 TIP at the request of the project sponsors.

PID 117040 – This amendment adds the construction phase for the project to the TIP. Funding for this phase is spread out over fiscal years 2027, 2028, and 2029. This project does not utilize TMACOG-managed funds.

PID 118584 – This amendment modifies one of the subawards (#8) by adding \$60,000 in local funds to the TIP (the amount of \$300,000 in 5307 funds remains unchanged). Additionally, the project is removing three subawards (#5, #6, and #9). Each of these subawards is removing \$500,000 in 5307 funds and \$100,000 in State funds. This project does not utilize TMACOG-managed funds.

PID 120672 – This amendment adds Discretionary/Earmark funds and removes the Carbon Reduction Program (CRP) funds from the project. In addition, the right-of-way phase is being added to the TIP in FY 2027, and the construction phase is moving from FY 2028 to FY 2029. This project does utilize TMACOG-managed funds, but they are being removed.

PID 124898 – This amendment removes the project from the TIP because the scope is being combined with PID 124900 LUC VAR Downtown Bike & Ped FY29 (included in TIP Modification #6 presented to the TAC at the September 2, 2026 meeting). This project does utilize TMACOG-managed funds, which will be transferred to PID 124900 and will remain unchanged.
