

Annual Listing of Projects with Obligated Federal Funding, Fiscal Year 2026

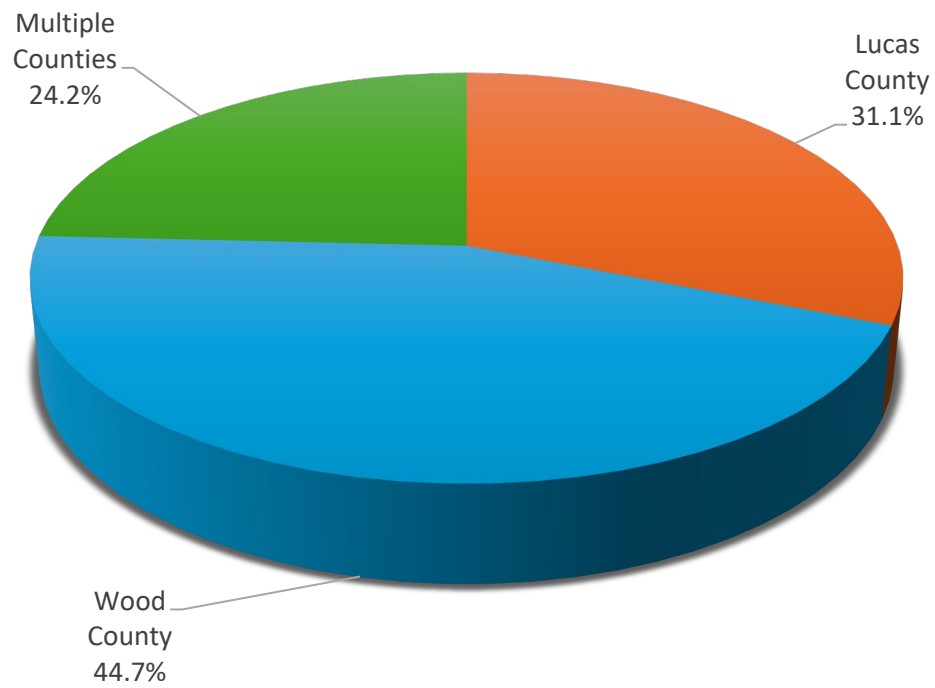

Under federal law, Lake Erie West Regional Council is responsible for producing an annual listing of federal funds that are obligated in the previous fiscal year ([23 CFR 450.334](#)). In fiscal year 2026 (July 1, 2025 to June 30, 2026), federal money obligated for transportation projects in Lucas and Wood counties was approximately \$68.1 million for 118 projects. Federally obligated means that federal funds were cleared to be used for certain projects. This does not mean that the project was under construction last fiscal year. Some of these obligated funds might be paying on debt to build infrastructure that has already been completed, or these funds might be used for the first phases of a future project, such as preliminary engineering or right-of-way acquisition. These projects include roadway, bridge, transit, pedestrian, bikeway, and railroad crossing improvements. This listing includes federally funded projects only and does not include road projects funded separately by the state, cities, and villages.

Obligated Federal Funding Breakdown by Project Type

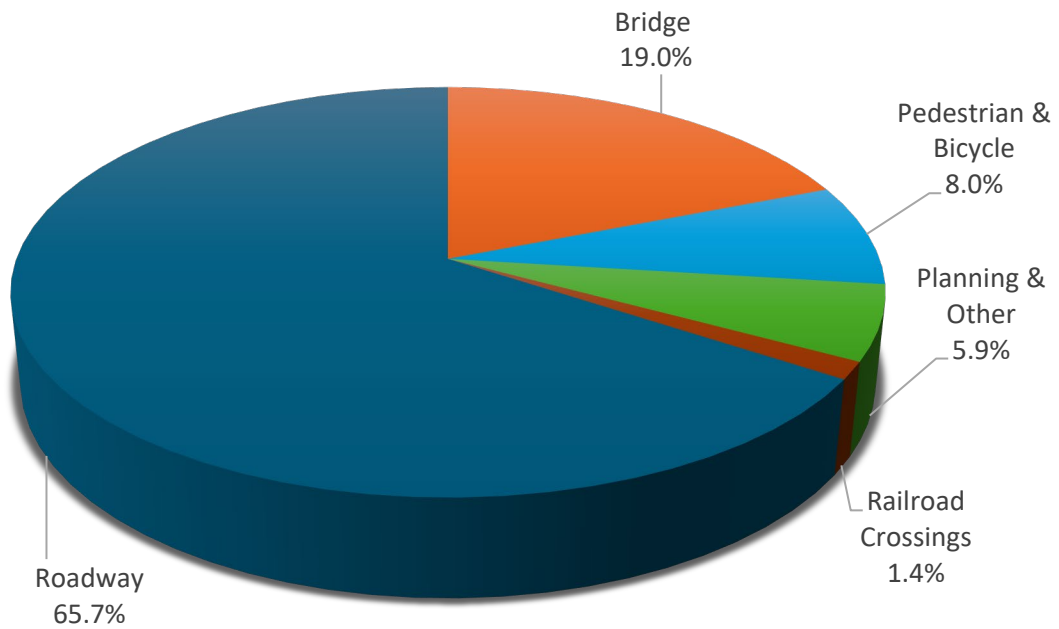

Project Type	Federal Funding Obligated	Percentage of Federal Funds Obligated by Project Type
Bridge	\$12,951,223	19.0%
Pedestrian & Bicycle	\$5,441,676	8.0%
Planning & Other	\$4,025,986	5.9%
Railroad Crossings	\$936,781	1.4%
Roadway	\$44,809,714	65.7%
*Transit	N/A	N/A
Total	\$68,165,380	100%

*Transit obligated fund data within the Lake Erie West MPO was unavailable before the report was completed.

FEDERAL FUNDING OBLIGATED BY COUNTY

FEDERAL FUNDING OBLIGATED BY PROJECT TYPE

The following provides a list of the relationship between the Project Type (provided in the table and charts above) and the Primary Work Category (provided in the table below):

Bridge:

- Bridge/Culvert Maintenance
- Bridge Preservation
- Culvert Preservation

Pedestrian and Bicycle:

- Bike Facility
- Enhanced Crossing
- Pedestrian Facilities
- Shared Use Path

Planning and Other:

- Asset Inventory/Inspection
- Landscaping/Aesthetics
- Miscellaneous
- Noise Wall
- Other Building/Facility Work
- Ped/Bike Non-Infrastructure
- Safety Related Studies
- Statewide/Regional Planning
- Traffic Control Maintenance

Railroad Crossings:

- Railroad Crossing Protection
- Railroad Crossing Reconstruction

Roadway:

- Add Through Lane(s)
- Geologic Maintenance/Slide Repair
- Interchange Improvement (Safety)
- Intersection Improvement (Safety)
- Roadside/Median Improvement (Safety)
- Roadway Improvement (Safety)
- Roadway Major Rehab
- Roadway Minor Rehab

PID	County	Project Name	Project Description	Primary Work Category	Obligated Federal Funds
79901	Lucas	LUC SR 25 5.04 Structure Replacement (Culvert)	Replace the structure under 50 feet of fill; Perform necessary related work.	Culvert Preservation	-\$193,998.01
