

Lake Erie West
REGIONAL COUNCIL

2026 Transportation Improvement Program
Application for:

**Ohio Statewide Urban Congestion
Mitigation/ Air Quality (CMAQ) Projects**

Submitted to the Ohio Statewide Urban CMAQ
Committee (OSUCC) through Lake Erie West Regional Council

**APPLICATIONS DUE
August 7, 2026**

Projects can be submitted electronically to Lisa Householder at householder@LakeErieWest.org

*Issued by:
Lake Erie West Regional Council
300 Dr Martin Luther King Jr. Drive
P. O. Box 9508
Toledo Ohio 43697-9508*

May 18, 2026

Application also available at www.LakeErieWest.org

Introduction

The forms and information in this package are for the submittal of Congestion Mitigation and Air Quality (CMAQ) projects for Fiscal Years 2031-2032 in the Lake Erie West Regional Council (formerly known as the Toledo Metropolitan Area Council of Governments, or TMACOG) Transportation Improvement Program (TIP).

Lake Erie West will be selecting \$10,000,000 worth of projects in this solicitation. For the purposes of the TIP funding programs, the Lake Erie West transportation region is limited to Lucas and Wood counties. Additionally, only those projects that are on federal aid eligible roads can be considered.

Application Forms and Instructions

This Application Form is to be filled out by the applicant. Supplemental information attached to the form should be as condensed as possible. For example, if a feasibility report has been prepared for the proposal, the applicant should excerpt and summarize rather than simply attaching the entire report.

Tips on the Application Process

Scrutinize the cost vs. benefit when applying for federal funds. The program requirements can be demanding, and what is originally thought of as a small, inexpensive project can spiral quickly into a complicated and expensive project. For example: a project once thought to have a total cost of \$85,000 with no right-of-way acquisition became a \$120,000 construction cost with an additional \$220,000 required for right-of-way acquisition.

Federally funded projects are subjected to many requirements, including the National Environmental Policy Act, the Uniform Relocation Assistance and Acquisition Policies Act, and other ODOT regulations and standards. Most locally planned and funded projects are not subject to these requirements and may often be developed more quickly and at less expense than those that are federally funded. When developing a project schedule, keep in mind that the project will be subject to all of the ODOT Project Development Processes.

Before hiring a consultant, review the experience of the firm with federally funded projects. How many have they successfully advanced through the system? When, where, and what type of project(s)?

The Ohio Statewide Urban CMAQ Committee (OSUCC) is charged with developing protocols for managing the CMAQ Program and consists of representatives from the eight largest Metropolitan Planning Organizations (MPO) in the State of Ohio. The Project Evaluation Criteria is the method under which the OSUCC reviews and ranks the individual applications. An Overall Project Cover Sheet, Milestones Activities, and a detailed explanation of the Scoring Criteria for the Ohio CMAQ Program are shown on the following pages, including Criteria, Measures and Scoring Description, and Frequently Asked Questions and Answers. Examples of Project Type Descriptions are listed within the OSUCC Program, Policies, and Procedures.

The application should also include the following:

- ✓ Complete and detailed description of the proposed project and its relation to the intermodal transportation system and any other phases of the project. Location maps, elevations, photographs included, as necessary, to fully illustrate the project.
- ✓ Complete and detailed breakdown of the proposed construction/implementation costs inflated to year of expenditure - **certified by a professional engineer** – including funding sources.
- ✓ Complete and detailed description of the project's characteristics and benefits and how it is included or justified in a local plan or program. Description of how the project will be coordinated with a neighboring jurisdiction if project ends at or crosses a corporation line.
- ✓ The anticipated month and year, when the project will be ready for construction. Include the present status of property ownership and plan preparation.
- ✓ A certified copy of a resolution from the applicant's governing body authorizing the submission and local prioritization of the application(s) for CMAQ funds and committing to share in the project cost.
- ✓ A copy of the Synchro or HCM report to demonstrate both the Build and No-Build conditions. The report should include the average daily traffic (ADT), the peak and off-peak average vehicle delay for both Build and No-Build conditions. These criteria should be based on the project. If it is an intersection project, then the delay times and ADT need to be for the intersection. The Build speed should also be included for roundabout applications.

MILESTONE ACTIVITY	EXPECTED DATE (month/year)
<ul style="list-style-type: none"> Project Programmed with ODOT. 	
<ul style="list-style-type: none"> Begin Planning Phase: The date that the planning scope of work is developed. 	
<ul style="list-style-type: none"> Project Initiation Package: The date that the Project Initiation Package is approved by the District. 	
<ul style="list-style-type: none"> Consultant Authorized to Begin Design. 	
<ul style="list-style-type: none"> Purpose and Need Submittal: The date that the Draft Purpose and Need is submitted. 	
<ul style="list-style-type: none"> Begin Environmental Clearance: The date when the scoping for an environmental consultant or scoping for an environmental study is initiated. 	
<ul style="list-style-type: none"> Feasibility Study Submittal: The date when the Feasibility Study is received for review by the District from a consultant or local public agency. 	
<ul style="list-style-type: none"> Preferred Alternative Approval: The date when a single Preferred Alternative is approved the preferred alternative may be established at scope development. If so, provide the scoping date. Otherwise, enter the appropriate approval date associated with the Feasibility Study or Alternative Evaluation Report. 	
<ul style="list-style-type: none"> Preliminary Right-of-Way Plan Submittal: The date when Preliminary RW plans are received for review by the District from a consultant or local public agency. 	
<ul style="list-style-type: none"> Right-of-Way Authorization: The date when authorization is given to a local public agency to begin acquisition activities. 	
<ul style="list-style-type: none"> Stage 2 Design Plan Submittal 	
<ul style="list-style-type: none"> Environmental Document Approval: The date when the responsible agency (FHWA or ODOT) approves the document or the District confirms the project is exempt from documentation. 	
<ul style="list-style-type: none"> Stage 3 Design Plan Submittal 	
<ul style="list-style-type: none"> Right-of-Way Acquisition Complete: Date on which the local public agency certifies the completion of RW acquisition activities. (Utilities/encroachments not included.) 	
<ul style="list-style-type: none"> Final Plans and Bid Package Submittal to ODOT 	
<ul style="list-style-type: none"> Award Contract: The date the local public agency approves a contract with a successful bidder. 	
<ul style="list-style-type: none"> Begin Construction 	
<ul style="list-style-type: none"> Project Completion 	
<ul style="list-style-type: none"> For programs, purchases, studies, and other projects that do not have a construction phase, please provide a schedule for project development (including environmental approval) and funding. Provide an estimate of the date(s) that federal funds would need to be available. Give a summary of the schedule to be followed before the project is ready for funding and while it is being implemented. See also instructions for Item #48 above. Describe other relevant aspects of the project schedule. For example, is the funding schedule contingent upon other actions? Will the project need funding from other sources to proceed? 	

PROJECT EVALUATION CRITERIA

Criteria	Measure	Points
1. Project Type (Maximum Points =10)	Regional rideshare/vanpool programs	10
	Congestion Reduction, Traffic Flow Improvements & ITS	10
	Transit Vehicle Replacement	8
	Freight/Intermodal including diesel engine retrofits	7
	Public Education and Outreach	6
	Transit Service Upgrades	5
	Pedestrian/Bicycle	4
	Alternative Fuels and Vehicles- Non transit	4
	Employer-based Programs	4
	Travel Demand Management	3
	Modal Subsidies and Vouchers	3
Transit Facility Upgrades	2	
Other TCM's and Misc	2	

Project Type – CMAQ funds can be used on a variety of project types designed to address congestion mitigation and/or emissions reductions. A project will be awarded up to 10 points based on the type of project. (Refer to the Example of Project Types Descriptions.) Some projects may involve multiple project types. The score will be based on the primary project type. See below for example descriptions.

Narrative for Project Type, supporting documentation, and points.

Total points: (to be completed by MPO)

Criteria	Measure	Points
5. Positive Impact on QOS (Maximum Points =)	High impact	15
	Medium impact	10
	Low impact	3
	No impact	0

The **Positive Project Impact on Quality of Service (QOS)** assesses the impact the proposal will have on the existing situation, ranging from 0 to 15 points. Some examples of Positive Impacts for QOS for Roads, Transit, and Bicycle and Pedestrian, are shown below.

ROAD QOS IMPACTS

HIGH	MEDIUM	LOW
The project will improve the LOS from F to C	The project will improve the LOS from F to D or from E to C	The project will improve the LOS from F, E or D by one level or substantially reduce delay if resulting LOS remains F.

TRANSIT QOS IMPACTS¹

HIGH	MEDIUM	LOW
Significantly increases service and reliability. Interconnect or fare coordination project, bus turnouts at major intersections, intermodal facility accommodating major transfers, reduces travel time. Fleet expansion will be considered high impact.	Increases service and reliability in a minor capacity, interconnect or fare coordination project, general bus turnouts, intermodal facility accommodating major transfers. Vehicle replacement will be considered a medium impact.	Increases passenger comfort or convenience, bike racks.

BICYCLE and PEDESTRIAN QOS IMPACTS²

HIGH	MEDIUM	LOW
Facility that will primarily serve commuters and/or school sites, sidewalks where none exist. Completes final pieces of a significant regional route.	Mixed use bicycle/pedestrian facility (recreation & commuter), usable sidewalk segments including upgrades and new installations and signage.	Public educational, promotional, and safety programs that promote and facilitate increased use of non-motorized modes of transportation.

FREIGHT QOS IMPACTS³

HIGH	MEDIUM	LOW
Facility or equipment that will improve the movement or processing of freight by 50% above existing conditions or other qualitative assessment	Facility or equipment that will improve the movement or processing of freight by 25% above existing conditions or other qualitative assessment	Facility or equipment that will improve the movement or processing of freight by 15% above existing conditions or other qualitative assessment

What is the Positive Impact on QOS? Please provide supporting documentation.

Total points: (to be completed by MPO)

¹ Council of Fresno County Governments, January 2006 CMAQ Call for Projects

² Council of Fresno County Governments, January 2006 CMAQ Call for Projects

³ Council of Fresno County Governments, January 2006 CMAQ Call for Projects

Criteria	Measure	Points	Measure	Points
7. Non-Federal Match of Requested CMAQ Funds of the phase(s) cost (Maximum Points =10)	Above 40%	5	Greater than \$2.0 M	5
	>35 to 40%	4	\$1.0 M to \$2.0 M	4
	>30 to 35%	3	>\$500,000 to \$1.0 M	3
	>25 to 30%	2	\$150,000 to \$500,000	2
	>20 to 25%	1	\$50,000 to \$150,000	1
	Up to 20%	0	\$0 to \$50,000	0

Non-CMAQ Funding – The criteria rewards applicants that leverage additional funding above the required rate for local participation. The standard match rate for federal CMAQ funds is 20 percent (although there are exceptions). The applicant can gain up to a maximum of 10 points through leveraging non CMAQ resources towards the CMAQ eligible project cost for the phase(s) requesting CMAQ funding. Up to 5 points awarded based on percent of funding non-CMAQ funding and up to 5 points for amount of non-CMAQ funding. The non-CMAQ funding can be local, private, state or other federal provided it is not federal funding controlled by the submitting MPO.

Phase Description	State Fiscal Year	CMAQ \$ Request	CMAQ % Share	Other Federal \$ Secured	Other Federal \$ Source	Local \$ Match	Local \$ Match Source	Phase \$ Totals
-------------------	-------------------	-----------------	--------------	--------------------------	-------------------------	----------------	-----------------------	-----------------

Preliminary Engineering								
Detailed Design								
Right of Way								
Construction								
FUNDING TOTALS								

Narrative for Non-Federal Match, supporting documentation, and points.

Total points: (to be completed by MPO)

Criteria	Measure	Points
8. Regional Priority (Maximum Points =10) (determined by each MPO)	First Priority Project	10
	Second Priority Project	7
	Third Priority Project	4
	Fourth Priority Project	2
	All Other	0

Regional Priority – MPO’s will be responsible for collecting, reviewing for completeness and ranking CMAQ applications from the eligible recipients in their regions. Top ranking projects from each region will receive 10 points, second highest receives 7 points, third highest receives 4 points, fourth highest receives 2 points. All others receive 0 points. Each MPO will develop their own approach to determining their regional priority. In cases where a project is in more than one MPO an average point score will be used.

Narrative for Regional Priority, supporting documentation, and points.

Total points: (to be completed by MPO)

Criteria	Measure	Points
9. History of Project Delivery By Project Sponsor:	One project slipped past programmed year	-5
	Two of more project slipped past programmed year	-10
	One or more projects cancelled	-10

History of Project Delivery – It is critical that projects that compete for and receive Ohio CMAQ dollars be delivered on time and within budget in order to fully realize the user benefits for Ohio citizens. Therefore, an applicant who has accepted CMAQ dollars and allows the project to slip beyond the programmed year of obligation will be penalized 5 points on all subsequent applications in the next round that CMAQ projects are applied for. Applicants that allow two or more projects to slip will be penalized 10 points on subsequent applications in the next CMAQ round. Project cancellations will also be cause for a 10 point reduction in the next CMAQ round. Exceptions may be granted by the OSUCC for circumstances beyond the control of the applicant.

MAXIMUM POINTS	100	Applicant total points for this project to be assessed by the MPO.

Frequently Asked Questions and Answers

1. What is the purpose of the Ohio Statewide Urban Congestion Mitigation Air Quality Program?

In November 2012, the Director of the Ohio Department of Transportation (ODOT) announced the creation of an Ohio Statewide Urban Congestion Mitigation and Air Quality (CMAQ) Program. The intent of the program is to more quickly advance eligible projects that improve air quality, reduce congestion, and eliminate delay/improve safety, in addition to utilizing statewide CMAQ funding in the year funds are allocated.

2. What is the CMAQ Program?

The CMAQ program was established by the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991, and continues under the current federal transportation bill Infrastructure Investment and Jobs Act (IIJA); with an emphasis area on addressing PM2.5. The CMAQ Program provides a flexible funding source for transportation projects and programs to help meet the requirements of the Clean Air Act. Funding is available to reduce congestion and improve air quality for areas that do not meet the National Ambient Air Quality Standards (NAAQS) for ozone, carbon monoxide, or particulate matter (non-attainment areas), and for areas that were out of compliance but have now met (maintenance areas) the NAAQS. Generally, projects eligible under the CMAQ program prior to enactment of MAP-21 remain eligible. All CMAQ projects must demonstrate three primary elements of eligibility: 1.) transportation identity as described within the programmatic parameters in the CMAQ Final Program Guidance Section VII – Project Eligibility Provisions – D. Eligible Projects and Programs; 2.) emissions reduction; and 3.) location in or benefiting a non-attainment or maintenance area.

3. What is the Ohio Statewide Urban Congestion Mitigation Air Quality Committee (OSUCC)?

In January 2013, the Ohio Association of Regional Councils (OARC) Executive Directors established OSUCC, charging them with the task of developing protocols for managing the Congestion Mitigation Air Quality (CMAQ) Program. The CMAQ Program provides approximately \$60 plus million annually; although this amount may vary for each application round, to Ohio's eight largest Metropolitan Planning Organizations (MPOs) with populations larger than 200,000.

4. What MPOs sit on OSUCC?

The OSUCC consists of representatives from the following agencies:

- Akron Metropolitan Area Transportation Study (AMATS)
- Eastgate Regional Council of Governments (Eastgate)
- Miami Valley Regional Planning Commission (MVRPC)
- Mid-Ohio Regional Planning Commission (MORPC)
- Northeast Ohio Areawide Coordinating Agency (NOACA)
- Ohio-Kentucky-Indiana Regional Council of Governments (OKI)
- Stark County Area Transportation Study (SCATS)
- Lake Erie West Regional Council (formerly TMACOG)

5. What types of projects are eligible?

Non-capacity adding projects that can demonstrate an emissions reduction are generally eligible. For a complete listing of eligible projects, please visit the following link to review FHWA's Final CMAQ Program Guidance: <https://www.fhwa.dot.gov/bipartisan-infrastructure-law/cmaq.cfm> specifically Eligibility Requirements and Eligible Activities.

6. What types of project are not eligible?

Projects which add new capacity for single-occupancy vehicles are not eligible. Maintenance projects are not eligible.

7. Can any entity submit a project for CMAQ funding consideration?

Applicants are limited to qualified government entities that are members of one of the large MPOs located within the metropolitan planning area. Projects located within the boundaries of a non-member jurisdiction are not eligible for Federal CMAQ funds unless the member jurisdiction applying for funds would be the owner or maintainer of the facility being constructed.

8. Does an applicant submit projects directly to OSUCC since there are eight MPOs and when is the solicitation process?

The solicitation process for projects will consist of two parts.

- First, each of the eight large MPOs will solicit projects from their area. Each MPO shall conduct this part in whatever manner that best meets their local circumstances.
- Second, each MPO will then provide the OSUCC the application form for each project from their area, including the MPO ranking, and the project scoring table.

Following this solicitation the OSUCC will review the scoring provided by the MPO's. OSUCC may adjust project scores to ensure the scoring criterion was applied uniformly across all of the projects. This will lead to a listing of projects ranked by score.

9. What is the schedule of activities for each CMAQ funding round?

- May of each year: Identify total amount by year of CMAQ funding to be available for new projects.
- May – August: Each MPO solicits projects or otherwise identifies projects to be submitted to the OSUCC.
- Early September: Projects submitted to OSUCC.
- Early September – November: OSUCC review of projects and project scoring.
- November: OSUCC identifies the recommended program of projects for funding.
- December: Executive Directors approve projects for funding. All projects will follow the individual MPO public involvement policies in accordance with the standard STIP/TIP public involvement processes.

10. Where can an applicant obtain a CMAQ application form?

Each MPO solicits projects from their respective area. Applicants should contact the respective MPO for their area.
